

Sustainability that makes a real impact

At Bounce Back Mattress Recycling, we do more than just recycle mattresses – we help protect the planet and create meaningful jobs for people with disability. Backed by Bedford, we're proudly building a more inclusive and sustainable future, one mattress at a time.

Why Choose Bounce Back?

More than 80% of components recycled

We dismantle and recover more than 80% of materials from old mattresses, including steel, foam, and fabric, helping reduce landfill and support the circular economy.

Inclusive employment

Your old mattress helps create real job opportunities for people with disability in a supportive, skills-focused workplace.

Easy pick-up or drop-off

We make mattress recycling simple. Book a collection from your home or business, or drop off at our Ottaway recycling hub.

Bulk and commercial options

Councils, mattress retailers, hotels, property managers, or large-scale recyclers, we've got you covered with tailored high-volume recycling solutions.
